

More participants think future generations will be less healthy than adults are now

Thinking about future generations, do you believe children growing up in the U.S. today will be healthier than adults are now? (N = 1,000)

Definitely yes

6%

A horizontal bar chart with five rows. Each row has a label on the left and a percentage on a bar to the right. The bars are dark teal. The percentages are: 6%, 22%, 30%, 32%, and 10%. The bars are separated by thin horizontal dotted lines.
